## **2022 Annual Report on the School Self-Evaluation Report and Improvement Plan for 2016-2022**

The following actions have taken place in the last twelve month period:

- A whole school approach has been adopted in the implementation and embedding of formative assessment and formative feedback to the full student body.
- Teachers are placing more emphasis on AFL type comments on school reports.
- An evaluation of progress within the school in the area of formative feedback and formative assessment strategies was carried out.
- Reflective Practice strategies were rolled out within the PLG group and feedback on the effectiveness of such strategies was shared with all staff.
- Google classroom has become an integral part of teaching and learning across the school community.
- A review of the Homework Policy was undertaken and feedback received from students, parents and teachers informed the updated Homework Policy.

### **Targets for the next academic year**

- To encourage use of formative feedback in setting goals for improvement amongst students.
- To involve students in the creation of success criteria as a class group.
- To further embed reflection in learning and teaching.
- To initiate a wellbeing promotion review and development cycle.

### **What you can do to help**

- Continue to support your son in his learning.
- Monitor your son's diary and work on a regular basis.
- Discuss results with your son and encourage him to use feedback to set himself goals for improvement.
- Participate in school surveys to help us set goals for improvement.
