2025 Annual Report on the School Self-Evaluation Report and Improvement Plan for 2025-2028

The following actions have taken place in the last twelve month period:

- Student bathrooms were renovated.
- Social areas were improved with the addition of outdoor lunch benches.
- Students were surveyed on their understanding of wellbeing.
- Teachers and students were surveyed on initiatives that will promote wellbeing in the school.
- Teachers are involving students more in the creation of success criteria.
- Parents were surveyed on the introduction of a new school tracksuit to be piloted next year with transition year students.

Targets for the next academic year

- Each classroom will have a mini whiteboard dedicated specifically to display learning intentions.
- A Wellbeing Wheel in classrooms to promote wellbeing within the classroom.
- Transition year students will pilot a new school tracksuit suitable for matches/school trips.
- The school journal will have an area for reflection.
- Ping pong tables will be placed in student social areas to promote wellbeing.
- Digital awareness classes will be set up for first year students to help improve their IT skills.

What you can do to help

- Continue to support your son in his learning.
- Encourage your son to use the reflection log that will be in his school journal next year.
- Familiarise yourself with the indicators and language of wellbeing in education, as set out in your son's homework diary.
